

Free DNA Training

**August 19, 2014
Minneapolis, Minnesota**

The National Center is pleased to announce a **free training opportunity**. We are offering a one-day training on forensic DNA called "Maximizing the Potential of Forensic DNA" on August 19, 2014, in Minneapolis, MN.

This training will include thought-provoking presentations from the nation's leading experts in forensic DNA, including law enforcement professionals, victims and advocates, a prosecutor, and scientific and public policy experts. We will explore innovations in the criminal justice use of DNA and the related public policy landscape.

The training is appropriate for all levels of DNA expertise and is open to all disciplines.

For more information and to register, please visit victimsofcrime.org/dna/training.

We are excited to offer this FREE training with the sponsorship of LIFE Technologies/Thermo Fisher Scientific, a leader in forensic DNA technology.

Lunch will be provided.

TOPICS INCLUDE:

- Arrestee DNA laws
- Rapid DNA
- Evidence collection
- Using DNA in burglary cases
- Touch DNA
- Working cold cases
- Familial DNA investigations
